PRESENTS

DICKEY LEE

As Memphis was opening the doors of rock n' roll to the world, Dickey Lee began his career in music. He released his first pop single "Dream Boy" in 1957 and it became an instant local smash! It held the number 2 spot at the biggest rock station in Memphis for eleven weeks. Understandably, it was held from the number one position by Elvis and his hit single "Teddy Bear."

That was the beginning of a career that would put Dickey at the top of the national charts in both pop and country with hits like:

"Patches" "I Saw Linda Yesterday" "9,999,999 Tears" "Rocky" and "Never Ending Song Of Love." The Dickey Lee

sound is still strong and his hits are delivered to the audience exactly as they remember them. He has entertained audiences in every state in America as well as European countries, Canada and New Zealand.
