JOHN BUSHEY

Not since 1926 with the death of Harry Houdini, has the public been given the opportunity to see true escapism at it's best... until NOW!

John Bushey, The Escapist, is an expert in the mechanics and physics of locks and attributes his success to the knowledge he has gained from volumes of priceless information found in his personal library.

Historian, lecturer, collector, Bushey recreates feats not seen since the Vaudeville Era.

History is no mystery as John presents his discoveries in an educational and entertaining manner. The program, intended for all age groups, features authentic props and memorabilia from John's large collection pertaining to Houdini!

John Bushey has lectured and performed at national conventions, schools, banquets and many fairs including the Minnesota State Fair. Versatile John Bushey is also available for walk around, close up magic and stage shows for all types of events and gatherings.
